NEW AND IMPROVED CLOSET PANS.

STEPHEN GREEN AND CO.

IMPERIAL POTTERIES, LAMBETH.

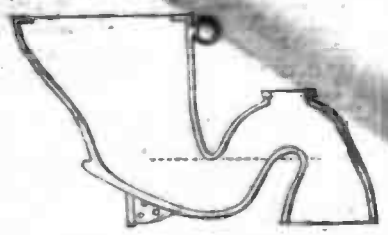
Patent Valve

These Pans will be found to combine all the latest improvements, with the advantage of having a larger water surface than any other kind of trapped Pan, by which arrangement the odour are kept perfectly clean. The trap is not larger than usual, and has its smallest diameter at the bottom of the Pan, increasing to the end, so that anything passing the neck cannot possibly stop or clog the drain.

Manufactured in superior double-glazed Stoneware, white and smooth inside, at the SAME PRICE AS THE COMMON PAN.

If with Patent Valve, 1s. 6d. extra.

MANUFACTURERS OF THE PATENT SYPHON FLUSHING-BASIN, AND IMPROVED DRAIN PIPES.



MANUFACTURERS of GLAZED STONEWARE PIPES, Bends, Junctions, &c., also FIRE BRICKS, Vitrified Stone Bricks as used by her Majesty's Commissioners of Sewers, White Fire Clay, Facing Bricks, &c., &c. Agents.—CHARLES RICHARDSON, No. 6, South Wharf, Paddington, London.

SUPERIOR GLAZED STONEWARE DRAIN PIPES, invented and manufactured by WILLIAM NORTHEN, UNION POTTERY, No. 14, VAUXHALL-WALK, LAMBETH.

W. NORTHEN begs to inform surveyors, contractors, builders, water companies, &c. that he has completed "Northen's" new patent machinery for making GLAZED STONEWARE DRAIN PIPES, JUNCTIONS, 90 3/8th, ELBOWS, SYPHON TRAPS, &c. &c. Amongst the many advantages of pipes made by this machinery over all others may be mentioned that it insures perfect uniformity in form and size, both of pipes and sockets, the due boring of a different and better construction than any others now in use; and the pipes and sockets being made by one process are drawn from separation.

W. N. invites particular attention to the superior quality of the glaze used in his manufactures, which is equal to glass, and renders the drainage in the drains impossible.

W. NORTHEN'S PIPES MAY BE INSPECTED AT THE FOLLOWING PLACES, WHERE ORDERS ARE RECEIVED:—

Bradley and Co.'s Wharf; Kingsland, Heathfield, and Millbank.—Martin and Wood's Market Wharf, Regent's-park Basin.—J. C. Hilton's, Cowper, and Horse-shoe Wharf, No. 6, Upper Thames-street.—W. Peters's North Wharf, Paddington.—C. Richardson's, South Wharf, ditto.—G. Frith's, Cambridge Heath Wharf, Hackney.—W. Parry's, Canal Bridge, Old Kent-road.—Millwood and Co.'s Wharf, Kensington Basin, and Creek Wharf, Hammersmith.—J. Corbett's Depôt, Britton-street, Chelsea; and at the Factory.

GREAT REDUCTION in PRICES. GLAZED STONEWARE DRAIN PIPES.

DAVID MOUNTAGUE (late Turner and Mountague), Lotsh Potteries, near Southend, Essex, now offer to the public Glazed Stone Ware Drain Pipes of the best quality at the following reduced prices:—

Straight Tubes with Socket Joints, in 9-feet lengths.

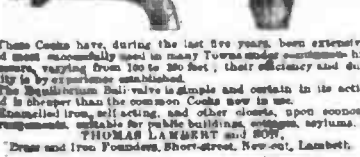
3 in.	4 in.	6 in.	9 in.	12 in.	15 in.	18 in.
3d.	3½d.	4½d.	6d.	10d.	1s. 4½d.	2s. 6d.

per foot

Cement pans or stool Traps 3 in.; Bends, Junctions, Filters, Jars, Bottles, Chemicals, &c. &c. at reduced prices in proportion. A discount on the above prices dependent on quantity and mode of payment. Orders received at and executed from his Wharfs, Falcon Wharf, 38, Bankside, Blackfriars; Harrow-bridge Wharf, Stratford, Essex; and at his Cement Works, Orchard-house, Blackwall.

PRIZE MEDAL, CLASS 11.

HIGH-PRESSURE VALVE COCKS.—LAMBERT'S PATENT.



These Cocks have, during the last five years, been extensively and most successfully used in many Towns under continuous high pressure, varying from 100 to 300 feet; their efficiency and durability is by experience established.

The Equilibrium Ball-valve is simple and certain in its action, and is cheaper than the common Cocks now in use.

Enamelled iron, self-acting, and other closets, upon economic arrangements, suitable for public buildings, cottages, asylums, &c.

THOMAS LAMBERT and SON,

Brass and Iron Founders, Short-street, New-cut, Lambeth.

TO WATER COMPANIES AND PLUMBERS.

HIGH-PRESSURE COCKS and CLOSETS.

The Health of Towns Commissioners having recommended the adoption of the high-pressure principle in all towns, WARNER'S HIGH-PRESSURE COCK is recommended as a Cock free from leakage, and applicable for all purposes and situations. Patent Closets and Basins with supply-valve for attaching direct to main pipes without a cistern, cocks, or wire.

LEAD, IRON, and TIN PIPE.

JOHN WARNER and SONS, Manufacturers, 8, Cresent, Jewin-street, London.

GEORGE JENNINGS, PATENTEE of the INDIA-RUBBER TUBE COCKS;
INDIA-RUBBER TUBE WATER-CLOSETS;
NEW EARTHENWARE WATER-CLOSET;
NEW BELL-TRAP;
SELF-CLOSING STOOL-COCKS, for common Closet Pans;
LAVATORY COCKS, for Asylums, Schools, Dairies, &c.;

Begs respectfully to call Architects' attention to the above.

Experience has enabled the Patentee to make his inventions most perfect, and his study has been to produce them at a lower rate than articles heretofore used for the same purposes.

A large stock of GAS and WATER MAIN COCKS, HYDRANTS, or FIRE COCKS, always kept ready.

JENNINGS'S BALL COCKS cannot set fast, and they fill a cistern in half the usual time.

References of the highest order to public works finished and in hand.

Apply—GEORGE JENNINGS,
General Engineer and Brassfounder,
29, GREAT CHARLOTTE-STREET, BLACKFRIARS-ROAD.

REDUCTION of PRICE in UNGLAZED DRAIN PIPES.

Manufactured by CHAR. FRANCIS and SONS, NINE ELMS.

The price in future will be,

6s. 3d.	per foot for the 3 inch bore.		
6s. 3d.	"	4	"
6s. 3d.	"	6	"
6s. 9d.	"	9	"
1s. 3d.	"	12	"
2s. 3d.	"	15	"

These pipes are made under steam pressure, and burnt to great hardness, and are capable of bearing nearly double the hydraulic pressure of ordinary glazed pipes. The prejudice against red ware is overcome by this manufacture. And it is well known that good earthenware, UNGLAZED, is the oldest material discovered in a perfect state in Rome, Babylon, Nineveh, &c. &c.

Agent for Southampton, R. L. FLUDER, American Wharf.

STOCK & SON'S SOIL-PAN SERVICE-BOX.

The object of this contrivance is to facilitate the introduction of sanitary improvements into the dwellings of the working classes, by the adoption of such an arrangement of cheap soil-pan apparatus as will enable the constant supply of water to be made available for the removal of the contents, by preventing the evaporation usually in pans of this description, to which water companies now so frequently and so properly object. By the use of this service-box an ample supply of water is obtained, without the possibility of its being tampered by persons the valve, completing the handle, or by other means. If the ap erated flush, as long as the discharge-valve remains open. A further supply cannot enter the service-box from the main.—Drawings and description, may be obtained from STOCK and SON, Manufacturers of Plumbers' Brass-work, Finishing Cocks, Rotary Screw-down Taps, Pure Plugs, Gas Fittings, and Cornish Furnaces in iron and brass, Temple-street, Birmingham.

JOHN DOULTON, Jun.

ST. HELEN'S, LANCASHIRE.

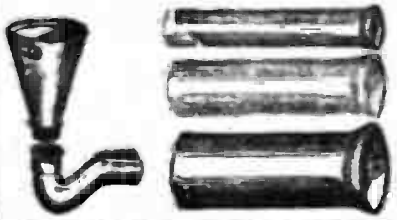
The most economical and efficient system of drainage is formed with DOULTON'S STONE-WARE PIPES.

Testimonials as to their superiority have been received from the Borough Engineers of Liverpool, Glasgow, and other cities.

FIRE-CLAY FLUE PIPES,
TERRA COTTA CHIMNEY TOPS, &c. &c.
WAREHOUSE, 79, SOHO-STREET, LIVERPOOL.

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES, BENDS, JUNCTIONS, TRAPS, &c. 29, HIGH STREET, LAMBETH, LONDON. Established 1794.

Water Closet Pans, with Syphon Traps, 7s. 6d. each.
STRAIGHT TUBES, in Socket Joints, in 2 feet lengths.



N.B. These are made without the drainage-hole being turned downwards.

The great advantages attending the use of these articles are now so generally appreciated, as to render any commendation of them almost unnecessary. Their cheapness, efficiency, and durability, are universally admitted, while the rapidly increasing demand for them proves their superiority over every other kind hitherto before the public for similar purposes.

Inspection is invited to an extensive stock of Drain Tubes, of every form and size, adapted to the various situations for which they may be required, or sale to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and Interior glass, for surpassing any other manufactured of Brown Stone Ware.

May be had also at Messrs. GLADDISH'S LIME WHARFS, Pedlar's-acre, Westminster-bridge; City-road Wharf, City Basin, Dock-head, Bermondsey; Denver's Wharf, foot of Battersea-bridge, Chelsea; Frost Wharf, Kingsland, Camden New Town; J. TURNER, 9 South Wharf, Praed-street, Paddington; and at GOLWILL, Brothers, 32, Regina-street, Cavent Garden.

Drawings and List of Prices will be forwarded free, on application.

DOULTON AND WATTS'S

REGISTERED CLOSET PANS IN

ENAMELLED STONE WARE,

LAMBETH POTTERY, LONDON.

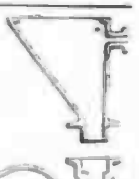
These Closet Pans are manufactured in a new kind of stone ware, HIGHLY GLAZED, vitreous, of a light colour, are much improved in form, and are used and recommended by the engineers connected with the General Board of Health.

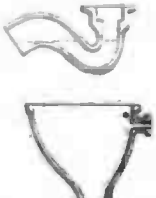
The Traps are smaller at the inlet, gradually enlarging towards the outlet, as a security against the introduction of improper substances into the drain.

They may also be had turned down.

PRICE 7s. 6d. EACH,

The same as for ordinary stone ware, and may be had fitted with copper fans of the best construction at 1s. 3d. each extra.





HENRY DOULTON and CO.'S DRAIN PIPES in GLAZED STONE WARE.

OFFICES—HIGH-STREET, LAMBETH, LONDON, and Granville-street Wharf, Broad-street, Birmingham.
MANUFACTORIES—HIGH-STREET, LAMBETH, LONDON; ROWLEY REGIS, STAFFORDSHIRE; AND SMETHWICK, NEAR BIRMINGHAM.

May also be had as follows:—
